

LESSON 24 (Twenty fourth)
GO FISHING

When the weather is getting warm, I would like to have some out-door activities. What is your favorite activity in summer?

One of my favorite recreational activities is watching TV with a bag of snacks and a bottle of Coke. I could stay over the night watching TV play series.

My Dear! You enjoy eating junk food rather than watching TV. I wonder if you kick off with one TV play series you might have to follow it up for several weeks. That is self-killing! (commit suicide)

Oh, I don't think so. I could learn a lot on TV play programs. What is your favorite?

One of my recreational activities is to go fishing. I could spend a whole day in doing nothing but enjoying holding a fishing rod and waiting a fish to come up.

Fishing? It is one of the most boring activities I ever experienced.

How does it come up?

I could still remember years ago I went fishing several times and stayed there a couple of hours but catch nothing.

You must have been unlucky.

When I moved to Canada, there were not many activities I could enjoy. I was encouraged to go fishing and I gradually got interested in fishing.

Where do you usually go fishing? How do you learn to fishing?

I usually go fishing in the river. I know little about fishing but I found it is more than interesting.

I go fishing Not for the taste of fish but the enjoyment of sitting along the river with beautiful sightseeing and fresh air relaxing myself. You can't find it without going fishing yourself.

Questions:

- Do you like watching TV?
- What are your favorite activities after work?
- Do you like going fishing?
- Where do you usually go fishing?
- Do you enjoy going fishing?
- What for do you go fishing?
- When do you think is good season to go fishing?
- Tell us your experiences in fishing.
- Where do you find baits for fishing?
- Do you use any artificial baits?
- Do you know there are some restrictions in fishing in Canada?
- Share with us what you know about the restrictions in fishing in Canada if any.

Grammar:

Some verbs to be followed by present participle,

Enjoy, finish, consider, feel like, avoid, keep, practice, prevent, look forward to, interested in, observe
